READY FOR ANYTHING

JULY 26th, 2012
10:00 AM – 12:00 PM

This seminar identifies the weakest links in your business, should an interruption of any kind occur. Protect your business sustainability and be one of the few that is able to resume operations. Identify lifelines that must be sustained during downtime, and explore which lifelines could help you capture the market while your competition is on their own downtime. Let's face it, preparing a disaster recovery plan is a back burner project. Learn outsourcing options for business survival methods. Let someone else do the legwork of the plan while you simply review and approve the work.

- Insurance and Risk Assessment Survey
- Business Continuity Plan Templates
- Business Checklists

Where: Harang Auditorium, Plantation Room
